I can change the world by
Simply being kind
I can change the world by
Bearing in mind
You never know whose heart may ache
You never know who needs a break
So lift others up whenever you can
Though you may never understand
What they're going through
But the best thing you can do
Is treat everyone with kindness and respect
Because when life puts you to the test
It is those who are kind you'll remember best
So change the world with a kind word
When you try it it isn't absurd
It's just the little things that you can do for someone else
When you do something for more than yourself
It is those who are kind who change the world
It doesn't matter if you're young or old, a boy or a girl
Just to everyone be kind
And then someday you many find
Happiness doesn't come from fancy things
Helping others gives you wings
You'll fly high and never fall
Be kind to others, one and all.
